EDUCATION

General Assembly, NYC — Android Development Immersive

March 2017 - May 2017

12 week full-time Career Accelerator developed by Google Engineers. Here is where I learned to become an Android Developer. From layouts to making API calls, I was coached by experienced Android Developers in the field on best coding practices & how to be both self sufficient and a team player.

School of Visual Arts, NYC — BFA Photography

September 2011 - June 2013

Art School in NYC, ranked number 15 amongst best schools for Photography. I learned from some of the best in the field.

EXPERIENCE

Splashlight Studios, NYC — Senior Digital Tech.

August 2016 - February 2017

- + *Manage the Digital Tech team for clients such as Macy's, Bloomingdales, & Victoria's Secret*
